

SSM Health Cardinal Glennon Children's Hospital

October 2026 Volunteer news

Hi all,

Happy Fall! I will be out of the office M – TH next week Oct 5-8th.

And Happy Flu Vaccine Season. Directions also attached.

The flu vaccine is required again this year – please get it wherever you are able that is convenient to you – SSM will offer community flu vaccine clinics, but we will **not** have a public clinic inside our hospital this year. You will **not** need to send/bring proof to me – the requirement is met through your uploading the document to your Immuware account. ***An email will be coming very soon from SSM Health Immuware to your email on file.*** I have also attached instructions on resetting your Immuware password and how to upload your flu doc to your Immuware account to this newsletter. Deadline for everyone to have their flu documentation approved is December 5th.

Holiday and Upcoming absences

It is not too early to let me know the dates you will be out. The earlier the better!

Happy October Birthday!
